### **DETAILED ACTION**

#### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on August 3, 2007 has been entered.

#### ***Reissue Applications - Oath/Declaration***

2. The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because it fails to identify each inventor by, and country of citizenship as required by 35 U.S.C. 115 and 37 CFR 1.63(a)(3).

It is unclear whether the citizenship of the non-signing inventor is known since the declaration signed by the assignee lists it as unknown (see declaration filed 5/14/2003) but the original unsigned declaration lists it as Taiwan, ROC.

The examiner notes that if the non-signing inventor cannot currently be located to verify his citizenship, the declaration should indicate the last known country of citizenship.

#### ***Claim Rejections - 35 USC § 251***

3. Claims 1-6 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

Art Unit: 3749

The nature of the defect in the declaration is set forth in the discussion above in this Office action.

*Allowable Subject Matter*

4. Claims 1-6, 9 and 10 are allowable over the prior art.
5. The following is a statement of reasons for the indication of allowable subject matter:

Applicant's amendment and remarks filed August 3, 2007 have been carefully considered and are found persuasive. Accordingly, in light of the record taken as a whole, the prior art is not considered to disclose, teach, or suggest the piezoelectric lighter having the combination of features recited in claim 1. Claims 2-6, 9, and 10 are allowable as being properly dependent upon claim 1.

*Reminder to Apprise USPTO of Concurrent Proceedings*

6. Applicant is reminded of the continuing obligation under 37 CFR 1.178(b), to timely apprise the Office of any prior or concurrent proceeding in which Patent No. 5,971,751 is or was involved. These proceedings would include interferences, reissues, reexaminations, and litigation.

Applicant is further reminded of the continuing obligation under 37 CFR 1.56, to timely apprise the Office of any information which is material to patentability of the claims under consideration in this reissue application.

Art Unit: 3749

These obligations rest with each individual associated with the filing and prosecution of this application for reissue. See also MPEP §§ 1404, 1442.01 and 1442.04.

### *Conclusion*

7. This action is made non-final. A THREE (3) MONTH shortened statutory period for reply has been set. Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
